1 OVERVIEW OF THE SYSTEM:

Every Division/Zone/Branch will have their own ID and Password from the system as a checker and a maker. The maker will give information through the form. The checker will verify the information and approve it. Then these validated information's are processed by HR department. In the meantime, maker from the branch can see the status for his branch's application.

2 ADVANTAGES OF THE SYSTEM:

The whole system is online based so it can be accessed through internet. It is not dependent on single machine or desktop. Division/Zone/Branch user can apply more in flexible way. Division/Zone/Branch user can get loan status. Application will be verified form the Division/Zone/Branch (checker) & it will be less error than the existing system.

3 USER MANAGEMENT:

There are two types of branch user:

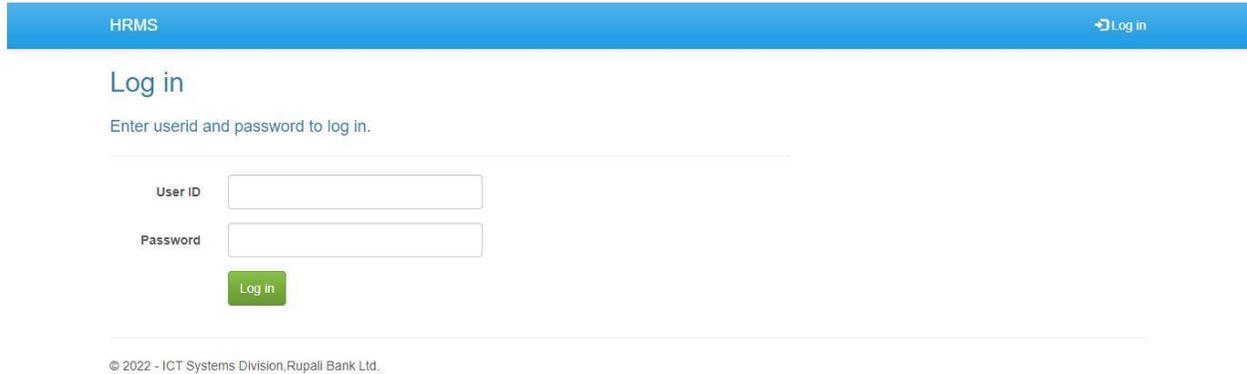

1. Division/Zone/Branch user – maker
2. Division/Zone/Branch Branch User- checker
